

**Finding articles in Katalog+**

## **Advantages of using journal articles as an academic source**

- current topics due to short printing times
- short and concise information
- preferred medium for academic publications

## Hallo! Hello! Salut! Ahoj! Ciao! ¡Hola! Merhaba! Saluton!

Wherever you come from, thank you for showing interest in the University of Applied Sciences Erfurt! Our English website will give you an overview of our university, also known by its abbreviated German forms "FH Erfurt" or simply "FHE".

**Please note:**

Most of our courses and lectures are held in German. In order to successfully complete your application and studies, you will therefore need to have appropriate proficiency in German.

## What is Katalog+?

Katalog+ is the discovery system of the university library of the University of Applied Sciences Erfurt.

Using Katalog+ you can search through data from multiple sources at the same time:

- Common Union Catalogue (GVK) of the Common Library Network (GBV) and the Library Network Southwest Germany (SWB)
- Union Catalogue of Public Libraries (ÖVK)

The **simple search screen** opens automatically.

All search fields, for example author, title, etc., are included in the search.

## Abstract

The assessment of sustainability is of the utmost importance nowadays. Several approaches exist that measure sustainability at a national level and rank countries accordingly. Comparison of countries could be done numerically or pictorially. This paper introduces a novel clustering disjoint HJ-biplot approach, which is then applied to data from two well-
