

# Mentoring program

## What is the mentoring program?

- The aim of the mentoring program is to connect international students with experienced students at FHE. The international students are to be guided and supported through their studies by a mentor from their respective study program.
- This guidance can include the following points:
  - Finding your way around the FH campus
  - Library use and registration
  - Access to WIFI, Moodle, Webex, etc.
  - Creating a timetable
  - Establishing contact with professors
  - Establishing contact with other students
  - Assistance with your studies, eg. writing a thesis
  - Free time activities
